

Thank you for taking a look at the questionnaire. The purpose is to be on the same page for your photo shoot and that I create as close to possible what you have in mind. On a side note, in my experience some of the best photos, the ones people choose and love are the unexpected. It is fun to have a little of both!

What is the goal for your photos?

Examples: Family Photos, Holiday Cards, Social Media Headshot, Events, etc.

Do you have a vision?

Do you have a dream location?

Do you prefer indoor or outdoors?

How many people will be in the photos?

Will there be animals included?

How many people will be at shoot?

Are there any movement restrictions?

If family photos, how old are the children?
